

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary is a prime example of partisan abuse of the public's airwaves. This is clearly an illegal political advertisement aimed at swaying the presidential election. This problem is made much worse by allowing multiple station ownership especially in small markets where competing points of view have no outlet. The Commission must step in to prevent this kind of abuse by 1) Disallowing it entirely or 2) Requiring equal time for dissenting points of view and 3) Refraining from further distroying what competitive services there are existing on the airwaves.
Thank you.
